"Sweeter even than to have had the joy of caring for children of my own has it been to me to help bring about a better state of things for mothers generally, so their unborn little ones could not be willed away from them." Susan B. Anthony 1889

In memory of Marie Mawn by George Frost

It is my sad duty to report that we lost a great pro-life warrior on August 28. Marie Mawn, one of the original founders of the Long Island Coalition for Life, went home to the loving arms of Our Lord. If there were such a thing as the pro-life Hall of Fame, Marie certainly belongs in it. She was a tireless and courageous worker for the pro-life cause, starting with her Respect Life Committee in her own parish. Her pro-life efforts extended to being editor of the Long Island Coalition for Life newsletter, *Life News*, organizing lobby trips to Albany to support pro-life legislation and oppose anti-life bills. She was one of the original driving forces behind the annual March for Life in Washington, D.C., a co-founder of our Stand Up For Life, a creator of the LICL monthly E-Blasts and other pro-life activities too numerous to mention. To her credit many of her children and grandchildren are actively involved in the pro-life movement.

When our previous Chair Dr. Jerome Higgins passed away four years ago, I was given the honor of being elected the next chair of the Coalition. Marie was absolutely invaluable to me in my new position, always giving me sound advice and sharing her in-depth knowledge of the Coalition's history, which I needed on many occasions. I don't know how I could have done the job without her wisdom and common sense.

Marie was a person of true humility willing to work tirelessly behind the scenes, never seeking the lime-light or praise for her great work. She was a woman who said little but did much. She did not just talk the pro-life message, she carried it out with concrete actions time and time again.

Three days before her death she was still emailing members of the board with ideas for strengthening the organization. May we all show such courage and faithfulness when our time comes. I know not only the angels in paradise will welcome her but so will all those innocent unborn babies whose lives she so courageously fought to defend throughout her life.

Well done good and faithful servant. May you rest in peace. †

It has been my pleasure to "work" alongside of Marie in so many of her pro-life efforts. She has been my mentor and my friend. She has "groomed" me to be the Chair for Stand Up For Life. I worked closely with Marie on the *Life News* committee and with her newest venture, the E-blast. I miss her already but I know she is watching down on all of us praying that we be successful in saving the babies and in continuing the work she started. Thank you Marie for the love, the friendship, the laughs and the memories. Until we meet again.... Your forever friend, Ann Cook.

PLANNED PARENTHOOD DRAWS PROTESTS AT LONG ISLAND FACILITIES

By Rebekah Sherry

On Saturday August 22nd thousands of pro-lifers flocked to Planned Parenthood facilities across the country protesting questionable methods the organization uses concerning abortions.

This National Day of Protest was called for by the Pro-Life Action League along with Citizens for a Pro-Life Society, Created Equal, and 40 Days for Life in response to controversial videos released by the Center for Medical Progress. These videos document incredibly disturbing images of visibly developed, newly aborted babies, some still with beating hearts. One video confirmed that aborted baby body parts were sold illegally for profit with or without the mother's permission. Sometimes the abortion procedure itself was altered to keep body parts as intact as possible. These videos have led to sweeping public outrage against Planned Parenthood.

On Long Island pro-lifers congregated in front of six Planned Parenthood facilities, singing hymns, praying and handing out educational material. At the Hempstead facility, escorts wore pink T-shirts identifying themselves as Planned Parenthood supporters. When interviewed, JoAnn Smith, president of Planned Parenthood's Nassau County affiliate, commented that the videos were a smear campaign against the organization and any abortion practices performed by Planned Parenthood were perfectly legal.

Neither side can see an end to the abortion battle in the near future, but pro-lifers armed with the truth, will continue to be formidable foes.

FEDERAL LEGISLATION

The US Supreme Court begins its session in October. It may hear cases on HHS Abortifacient/Contraceptive Sterilization Mandate. Since HHS 'tweaked' the Mandate (Aug. 2014), seven challenges by religious non-profits have been rejected by Federal Appeals Courts. (One level below SCOTUS) The mandate was found to adequately "accommodate" the religious objections by these groups (Catholic Health Services of LI among them). Note that in one of the seven cases, the 10th Circuit Court of Appeals told the *Little Sisters of the Poor* they must obey the mandate. But on Aug. 21, they said the *Sisters* could wait while they appealed to SCOTUS. [See Sept. & Oct. 2014 *Life News*, pg. 3 for more info]. On Aug. 31, the D.C. Circuit court gave *March for Life (MFL)* the same relief as the *Sisters*, while their case goes on. *MFL* said the mandate violates their core purpose, so their secular, moral objection should be treated the same as a religious objection. The Court agreed and granted a Stay.

SCOTUS put a Stay on this bill, Texas Bill H.B.2. It bans abortions after 20 weeks, makes abortion mills meet medical safety standards, and says abortionists need hospital admitting privileges. SCOTUS must now ask: does this law "unduly burden" women?

Pro-Life Bills that have passed in House, but not Senate:

HR.36/S.1553 - *Pain-Capable Unborn Child Protection Act* - Bans abortions after 20 weeks (with exceptions).

HR.7/S.582 - *No Taxpayer Funding for Abortion and Abortion Insurance Full Disclosure Act* - No federal money for abortions. ObamaCare abortion coverage must be listed.

Pro-Life Bill that already had Senate vote:

HR.3301/S.1881 - *A bill to prohibit Federal funding of Planned Parenthood Federation of America*. (And shift the money to non-aborting health organizations.) House set to vote in mid-Sept. Senate vote failed. A re-vote is possible but unlikely. President's veto promised. (See Sept. 2015 *Life News*, pg. 3). As of Sept. 8, Senate did not plan to use the Continuing Resolution to defund PP.

Pro-Life Bills in Committee [HR = House S = Senate]

S.48 - *Prenatal Nondiscrimination Act (PRENDA)-2013* - Bans abortions for sex or gender selection.

S.50 - *Abortion Non-Discrimination Act of 2015* - Govt. paid healthcare can't be punished for not doing abortion.

S.78 - *Pregnant Women Health and Safety Act* - Requires abortionists to have hospital admitting privileges.

HR.217/S.51 - *Title X Abortion Provider Prohibition Act* - Only non-aborting organizations get Title X Family Planning money.

HR.281 - *Every Child is a Blessing Act of 2014* - To stop most "wrongful birth" lawsuits.

Fed. Leg. Continued....

HR.803/S.404 - *Child Interstate Abortion Notification Act* Bans taking minor girls interstate to avoid parental laws.

HR.816 - *Life at Conception Act* - Constitutional Right to Life begins at fertilization.

HR.940/S.1919 - *Health Care Conscience Rights Act* - Protects the conscience rights of Health Providers & Insurers.

HR.3215 - *End Trafficking of the Terminated Unborn Act of 2015* - Bans using fetal tissue from aborted babies.

Pro-Abortion Bill in Committee (which we oppose):

HR.2972 - *Equal Access to Abortion Coverage in Health Insurance Act of 2015* - would remove most government restrictions on abortion coverage in medical insurance.

ACTION ITEM - Tell your House member to vote for [**HR.3215**] the *End Trafficking of the Terminated Unborn Act*.

HEALTH & SCIENCE

Planned Parenthood

As reported on page 2 of this issue, on August 22nd over 75,000 pro-lifers gathered in front of more than 350 Planned Parenthood (PP) facilities across the United States to protest the largest single US abortion provider's involvement in the organ harvesting business. In a newly released video from the Center for Medical Progress (CMP), the head of a human biologics company describes how sometimes a woman is so dilated that the baby 'just falls out', which results in an intact fetal cadaver for the company. Prior videos indicate that companies prefer intact bodies, as that maximizes the number of organs that can be harvested, (as well as the amount of money that can be charged).

Jack Hart, president of Right to Life of Greater Cincinnati stated, "This latest video reveals a sickening disregard [of] the most basic human values. We don't allow people to do these things to dogs, cats or turtles. How can we allow Planned Parenthood to do these things to innocent babies? And we fund this with our tax dollars!" Ben Johnson reported at *LifeSiteNews.com* on 9/1/15, "The video also reveals that organ brokers [are] vying with one another for access to Planned Parenthood's 'volume' of aborted babies' body parts, sometimes boast[ing] that, by paying taxes, they fund the abortion giant. Cate Dyer, who worked for ABR before starting StemExpress, said she cited the fact that her company is a for-profit corporation - as opposed to ABR, which does not pay taxes - in an attempt to convince Planned Parenthood facilities to work with her. Dyer reveals she would tell Planned Parenthood officials, "I pay tax that actually donates - ends up funding programs back to you guys.""

Charmaine Yoest, President of Americans United for Life said, "As we detailed in our letter to Congress...In six separate areas, these videos reveal possible felonies. Americans are reacting in horror to the accumulated weight of unethical and calloused behavior revealed by these videos. If what we are seeing isn't illegal, it should be." The Center for Medical Progress' lead investigator, David Daleiden, agreed with Yoest: "...it is imperative for lawmakers and law enforcement to act decisively to determine the full extent of Planned Parenthood and their proxies' lawbreaking, hold them accountable, and stop the taxpayer funding of these barbaric atrocities against humanity." (Johnson, *LifeSiteNews.com* 9/1/15)

The 9/2/15 Wednesday STOPP Report (WSR) on the American Life League website (www.all.org) stated, "Most people had never thought about what happens to the body parts of the over one million babies who die by abortion every year in America. Most just assumed that the fetal remains were disposed of as 'medical waste'. As disturbing as that idea was, the truth now being exposed to

all the world is even worse...How many PP affiliates are involved in this grisly trade? It depends on whom you ask. Planned Parenthood told Congress in a letter that only 2 affiliates are involved. Then, later in the same letter, it said 6 were involved just 6 weeks earlier. The CMP says it has evidence that 14 PP affiliates have been involved." Ryan Bomberger reported on *LifeSiteNews.com* on 9/1/15, that in 1993, PP received \$59.4 million in taxpayer dollars. In 2013, PP received \$528.4 million. "During the same period, PP went from committing 134,277 abortions (out of 1,495,000 nationwide) to 327,653 abortions (out of 1,000,000 nationwide). That's a drastic increase from 9% of the abortion market to 32.7% in 20 years." In the CMP video, Cate Dyer, CEO of StemExpress states, "Planned Parenthood has volume. They're a volume institution." The 9/2/15 WSR continued, "Many people have argued for years that women need PP. We disagree. Those who argue for PP often insist that PP is needed because it provides health care for poor people...PP says that 78% of its clients are at or below the federal poverty level. We know that 70% of PP's clients are under the age of 25. Thus its primary customers are high school and college students. Most people are not aware that, when a high school or college student goes into PP, only her own personal income counts. So any high school or college girl who does not make \$17,655 [150% of the federal poverty level] is a 'poor' person. These are the majority of the poor people at PP. In addition to this fact, many people are seriously examining the question of whether or not PP is really needed to serve even these 'poor' people. One research group that took on this task is the Charlotte Lozier Institute. This group released a study that concluded, "If PP, the nation's largest abortion provider, were to be defunded from receiving over \$500 million in taxpayer funds per year, there already exist over 13,000 non-abortion providing federally qualified health center (FQHC) service sites and rural health clinics (RHCs) that could receive this sum instead and continue to provide comprehensive women's healthcare." In other words, PP is not needed."

The 9/2/15 WSR concluded, "Those opposed to [Planned Parenthood] know the weapons that are needed in this battle - prayer and action." Please consider witnessing in front of Planned Parenthood, continue to contact your representatives, and KEEP PRAYING!

Election Day - Tues., Nov. 3

Please remember to vote! Be sure you are registered to vote and find out how the candidates in your area stand on the life issues. This election day will be for local town board/councils, judges, some town supervisors, legislators and for District Attorney of Nassau County. Remember, low level elections count!

Consider asking these questions to candidates you meet:

1. Would you vote for legislation to protect the life of unborn babies from fertilization to birth?
2. Would you vote against use of taxpayer money to fund abortion?
3. Would you vote for Parental Consent for a minor seeking an abortion?
4. Would you vote for legislation requiring Informed Consent for a woman seeking an abortion?
5. Would you vote for legislation to prevent the legalization of euthanasia and assisted suicide?
6. Would you vote to ban all human cloning and research that destroys a human embryo for his/her stem cells?
7. Would you vote to deny taxpayer funding for Planned Parenthood?

Mail-in Voter Registration Forms are available at Post Offices and must be received at B.O.E. 25 days prior to Nov. 3. Obtain Absentee Ballot applications at Post Office. Address questions on voting status or poll location to:

Pro-Life Future

Pro-Life Future is the next step for those who have graduated college and for those dedicated pro-life activists who have been serving their communities for years. It's the way to connect the dots from being a pro-life student to becoming a pro-life activist for life. It brings local pro-life organizations together to recruit and train the newest pro-life activists in a community. There are social events to bring neighbors, family members, and co-workers to their first pro-life experience.

Pro-Life Future is a division of **Students for Life of America**. Chapters are still forming. To sponsor a chapter go to sfla.webconnex.com. You can also sign up for weekly updates at prolifefuture.org.
