## June is *Life News* subscription renewal month

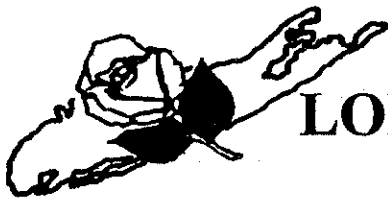

Each June we ask recipients of *Life News* to make a subscription donation to offset our monthly printing and postage costs of nearly \$3,000.00.

If you have not made a \$12.00 subscription donation in the last twelve months please use the coupon on the inside back cover and the enclosed envelope to do so now.

We do not want to stop sending *Life News* to any of our current 10,000+ readers but we need your help if we are to continue.

If you cannot afford to donate but wish to continue receiving *Life News*, or if you wish to cease receiving *Life News*, please so indicate on the coupon and return it to us.

*Thank you for your support!*

June 1998

Dear Pro-Life Friend,

Thank you, thank you, thank you. I'm starting this with thanks because the Long Island pro-life community is to be congratulated for the overwhelming support given to our appeals for help to fight partial-birth abortion.

Thanks to your financial support we have been able to buy radio air time for nearly two hundred ads, have been able to mail over 61,000 informational letters, have been able to send several bus-loads of Long Islanders to Albany to lobby, and have been able to create, copy, collect and deliver petitions containing tens of thousands of names to our legislators.

Thanks to the work of hundreds of volunteers we were able create scripts and find radio stations willing to broadcast them, were able compose, print and mail our letters, were able to fill our buses, and were able to get those petitions circulated, signed, and delivered.

Though the vote in Albany didn't come out the way we would have wished, we won a great moral victory. The closeness of the vote, 73-71, by which the motion-to-discharge failed, indicates that the Assembly members were feeling great pressure from their constituents to vote to ban partial-birth abortion. That many legislators who voted against the motion-to-discharge found it necessary to make deceptive justifications for their vote, and that Speaker Silver has offered his own bogus bill regarding partial-birth-abortion, attest to the effectiveness of your efforts.

This battle is not over—as the anthem of the civil rights movement stated: “We shall overcome.” Our efforts are forcing so many people to finally understand the damage wrought by all abortion, not just to the innocent pre-born but also to their misguided mothers. With God's help we will persevere and we will surely succeed.

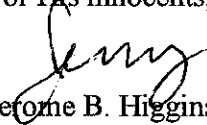

And that gets me to our current need to press on with **all** our pro-life work. Because of our focus on partial-birth abortion over the last several months we have neglected to provide for our other programs. Funds raised to combat partial-birth abortion will be used strictly for that purpose. Unfortunately that leaves us underfunded in other important areas.

This newsletter is our most costly continuing service to the pro-life community and we need not only subscriptions but also additional gifts to keep it going. In this election year we will need additional money to send questionnaires to candidates and to publish a voter guide. Our committees—Committee to Challenge Planned Parenthood, Legal Defense Fund, Legislative Committee, Education Committee—also need ongoing funding.

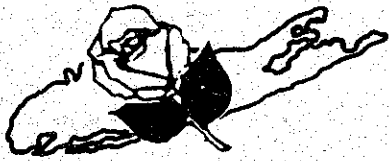

So please make a generous gift to your Long Island Coalition for Life **now** so we can continue our life-affirming work through the summer.

Thank you for your past and continuing support. May God bless you for your generosity and for your efforts on behalf of **LIFE**.

For His innocents,

  
Jerome B. Higgins DVM  
Chairman

P.S. We have a limited number of copies of the booklet “For Mother and Child,” by Mary Nicholas, MD, which authoritatively discusses partial-birth abortion and decisively refutes arguments to justify it. We will mail a copy to anyone who contributes the suggested \$12.00 subscription price, or more, until we run out. Please use the enclosed postage-paid envelope and the coupon on the inside back cover and mail them with your donation as soon as possible.

On Monday May 18, at 7:30 PM Nassau County District Attorney Denis Dillon will give a talk, "Is Your Local Abortion Mill Breaking The Law? How To Find Out And What To Do About It."

His talk will precede the monthly Coalition meeting at the Joseph Barry Council, Knights of Columbus Hall, Hicksville.

## PLANNED PARENTHOOD - IT'S NOT WHAT YOU THINK

### Many Pro-Lifers Unaware of P.P.'s Insidious Activities

A recent Poll conducted for Planned Parenthood by Lake Sosin Snell Perry & Associates revealed:

- Planned Parenthood is viewed as a favorable organization by 57% of Pro-Lifers
- Almost half (49%) of Pro-Life Republicans have a favorable impression of P.P.
- Pro-Life Voters (69%) like the fact that Planned Parenthood promotes sex education and believe that it promotes responsibility among teens.

Planned Parenthood remains a real threat to the lives of our pre born children as well as to the morals and souls of our already born. P.P. led by Gloria Feldt, is dedicated to spreading its abortion business (over 132,000 surgical abortions annually). It targets our innocent school children with its brand of sex education programs that focus on convincing them that fornication, abortion and deviant sexual practices are acceptable.

Now is the time to do something about stopping Planned Parenthood. For more information on P.P. and how you can help in combating this evil organization, contact:

# LEGISLATIVE WATCH

## NEW YORK STATE

**The Partial Birth Abortion (PBA) ban fight is not over as Assemblyman Patrick Manning continues efforts to have his bill to ban PBA, bill A. 8875, voted on before the Assembly ends their 1998 session (on approx. July 1). Unless a vote is taken on the Manning bill this session, the April 8 vote on Manning's "Motion-to-Discharge" will be our guide as to who voted for or against continued use of the partial- birth abortion procedure in NYS.**

**On April 8 the Nassau/Suffolk Members voted as follows on the effort to have Manning's PBA ban released from Committee for a full vote:**

- 1st A.D. Patricia Acampora voted pro-life
- 2nd A.D. Fred Thiele voted pro-abortion
- 3rd A.D. Debra Mazzarelli voted pro-abortion
- 4th A.D. Steve Englebright voted pro-abortion
- 5th A.D. Paul Harenberg voted pro-abortion
- 6th A.D. Robert C. Wertz voted pro-life
- 7th A.D. Thomas F. Barraga voted pro-life
- 8th A.D. Philip Boyle voted pro-life
- 9th A.D. John Flanagan voted pro-life
- 10th A.D. James Conte pro-life
- 11th A.D. Robert Sweeney voted pro-abortion
- 12th A.D. Steven Labriola voted pro-life
- 13th A.D. David Sidikman voted pro-abortion
- 14th A.D. Mark Herbst voted pro-life
- 15th A.D. Donna Ferrara voted pro-life
- 16th A.D. Thomas DiNapoli voted pro-abortion
- 17th A.D. Maureen O'Connell voted pro-life
- 18th A.D. Earlene Hill voted pro-abortion
- 19th A.D. Kathleen Murray vote pro-life
- 20th A.D. Harvey Weisenberg voted pro-abortion
- 21st A.D. Gregory Becker voted pro-life
- 22nd A.D. Thomas Alfano voted pro-life

**\*Note: Your Assembly District (A.D.) is noted on your Life News mailing label.**

In response to pressure from the public for legislation to outlaw this horrendous procedure, Assembly Speaker Sheldon Silver recently submitted bill A.10750. **This bill would do nothing to change the present abortion laws of NYS. This politically motivated bill is a smokescreen designed to enable Assembly members who voted pro-abortion April 8 to appear to be against Partial-Birth abortion as they campaign for reelection this November.**

### **LETTERWRITING Sample letter:**

It is most urgent that you support Assembly Patrick Manning in his efforts to have A.8875, the bill to ban

the Partial-Birth Abortion procedure voted on before this session ends

A vote for bill A.10750 sponsored by Assembly Speaker Silver will not be considered a pro-life vote since A.10750 makes no change in current law and is a blatant attempt to give pro-abortion members a cover before election.

If no further vote is taken on A.8875 the Motion-to-Discharge vote of April 8th will be our guiding vote on the issue of Partial-Birth abortion as we cast our ballots in November. Please reply.

**PLEASE SAVE LEGISLATIVE PAGES**

We often receive calls from readers whose daughters, granddaughters, nieces or friends have been told by their OB-GYN that they "have" to undergo some form of prenatal testing to rule out fetal deformities. First of all, no mother is **REQUIRED** to have any fetal testing against her will. Take it from this writer - you can refuse a prenatal test. I have had several charts with "AFP TEST REFUSED BY PATIENT" and "AMNIO REFUSED BY PATIENT" written in red on the top!

We must explore the reasons for prenatal testing. Is the test being performed for therapeutic (to cure or preserve health) or preventive (to prevent an adverse condition) purposes? Is the technology available to cure or preserve the health of the child once the prenatal test has confirmed the condition? Or are these tests done just to search and destroy? If an "unfavorable outcome" is the test result - that is, a child with a physical or mental handicap - will abortion be the only solution offered?

There are two kinds of prenatal testing - invasive and non-invasive. Non-invasive procedures are those that do not "invade" the uterus or amniotic sac. These include ultrasound (sonograms) and maternal blood tests such as Alpha-Fetoprotein (AFP) and the newer Ultra-Screen. Invasive procedures include amniocentesis and chorionic villus sampling (CVS).

Amniocentesis is done between the 14th and 18th week of pregnancy. During amniocentesis, a doctor, using ultrasound, inserts a needle through the abdominal wall of the mother into the uterus and withdraws about an ounce of amniotic fluid. Labs grow fetal cells in the fluid for several weeks, and examine the cell for chromosomal abnormalities (karyotyping). The major risks of amniocentesis include maternal hemorrhage and infection, fetal puncture wounds, pneumothorax (injection of gas into the mother's pleural cavity), laceration of the baby's spleen, damage to the placenta and/or umbilical cord, death of the baby by exsanguination (loss of blood), and risk of miscarriage (from .5 to 2.0%). Amniocentesis was a strictly therapeutic innovation for use in late pregnancy and in labor before the March of Dimes mounted its "preventing birth defects" campaign. In a September, 1978 letter to all members of the House of Representatives, March of Dimes President Charles L. Massey stated, "The financial cost of treating and institutionalizing our severely affected survivors is staggering; we cannot begin to measure the cost..." His letter cites Sickle Cell Anemia, Cooley's Anemia, Tay-Sachs Disease, Down Syndrome, Muscular Dystrophy...as diseases which could be reduced through genetic screening and prenatal diagnosis. The only current way to "reduce" these diseases is to abort those identified in the womb with these diseases!

Chorionic Villus Sampling is done earlier in the pregnancy at about eight weeks gestation. A doctor uses a plastic catheter to clip villi (hairlike structures) from the placenta. Chromosomal test results are available within a week. The risk of miscarriage is greater with CVS - from 1 to 5%. The Lancet, England's medical journal, reported on February 20, 1993 that there was an increase in transverse limb reduction defects in children who had undergone CVS in utero.

Dr. Jerome Lejeune, geneticist, reported on the findings of Drs. Foidart and Schaaps in 1991 of a chamber of liquid that reduced the concentration of oxygen coming from the mother so that the amount of oxygen in the baby's blood is significantly less. After three months gestation, the baby apparently does not need this protection, and the liquid chamber disappears, and oxygen is diffused directly across a single membrane into the baby's blood. Dr. Lejeune theorized that limb defects occur after CVS testing because some of the mother's blood - containing much higher oxygen levels - comes in contact with the baby's blood, causing blood clots in the tiny vessels of the baby's body which could stop development of the fingers, toes, arms, and parts of the brain.

Non-invasive tests such as maternal blood tests (AFP and Ultra-Screen) and ultrasound are considered "screening tests", not diagnostic tests, according to Terrence W. Hallahan, laboratory director of NTD, a Long Island birth defects testing company. Positive results of these tests "indicate the need for other, more conclusive tests, such as CVS and amniocentesis."

So, if you are approached by a woman who is confused about whether she should undergo prenatal testing, tell her to ask herself several questions: Will the test harm the baby in any way? Will the test harm her in any way? Can anything be done to help the child in utero such as fetal surgery for very rare conditions? Will the test help to anticipate a difficult delivery or the need for emergency surgery immediately after birth? All the risks to the child must be taken into account. Or is the test being performed for the sole purpose of counseling the woman to abort her "less than perfect" child?

### CEMETERY OF THE INNOCENTS

The Cemetery of the Innocents is a reverent peaceful memorial to the unborn. It consists of small white crosses representing babies sacrificed to abortion. There are 150 crosses, one for each baby killed by surgical abortion each week in Nassau and each week in Suffolk County. This special cemetery offers the opportunity for those involved in an abortion decision to remember their lost babies and for the community to understand the magnitude of Roe v. Wade.

#### Requirements:

Crosses (1-1/2' W x 3'H) - are available from LICL; 1" stake easily hammered into the ground  
 Land - a small plot; preferably in a well-trafficked area; (churches, K of Cs, empty lots)  
 People - to watch the cemetery during the time it is up

Cemetery Hours - at the discretion of landowner; usually Saturday and/or Sunday

**Please consider sponsoring a Cemetery of the Innocents as a pro-life activity in your area.**

## *Writers For Life*

*Writers for life*<sup>TM</sup> is an established, effective program in the Albany area which is expanding throughout NYS. Its purpose is to mobilize, educate and encourage pro-lifers in their letter writing to newspapers, legislators, and others.

In a nutshell, it is for people who want to be more effective letter-writers and who will promise to write two letters a year. *Writers for life*<sup>TM</sup> will send periodic newsletters at no charge which will be educational, entertaining, and motivational and will encourage a written piece to an editor, public official or the like. Newsletters will be researched and written by the *Writers for life*<sup>TM</sup> project team and guided by an Advisory Committee on which the Long Island Coalition for Life will be represented.

As a participant in *Writers for life*<sup>TM</sup> you will benefit by becoming a more effective writer. You will be part of a state-wide team whose collective efforts will help turn public opinion against abortion. You will be involved with and will encourage others who share your convictions but who often feel alone in their efforts.

Join *Writers for life*<sup>TM</sup> today. Together, we *will* be heard. Please use the coupon above and enclosed envelope to sign up. If you have questions or wish additional information please call the LICL at (516) 243-1435.

## Saturday June 6th Assumption of the Blessed Virgin Mary

Crown Acres Road, Centereach  
Mass: 8:30 AM

Presider: Msgr. Joseph Curley Pastor  
Assumption of the Blessed Virgin Mary

- Mass will be followed by Rosary Procession to local Abortion Facility at 2500 Nesconset Hwy. Stonybrook. Benediction at approximately 10:30 AM at Assumption of the Blessed Virgin Mary.
- If you are unable to participate in both Mass & Procession, please consider either one - prayer and public witness are both effective Pro-Life works.

**Directions:** LIE to exit 60 (Ronkonkoma Ave.-signs will say "Ronkonkoma-Lake Grove"). Take expressway service rd. to 2nd traffic light. Turn left onto Hawkins Ave. Travel north (approximately 4 miles) through Ronkonkoma. Watch for a Mobil Gas station on the corner of Middle Country Road and turn right. At next traffic light, make a left onto Crown Acres Road. Church is on the right.
