
We Oppose the "Reproductive Health Act"

The Reproductive Health Act seeks to have abortion declared a 'fundamental right' in New York State, prohibiting even basic protections, such as parental notification, limits on government funding of abortion, and a ban on gender-selection abortions. The law would allow non-physicians to do abortions, jeopardize any agency that does not refer for abortion and seriously threaten conscience protections for hospitals and medical professionals. For the sake of pregnant women and their unborn children we urge our legislators to oppose this bill.
