LICL e-blast – serving Nassau/Suffolk pro-life advocates.
LICL e-blast is additional information to *Life News*.

Dear Defenders of Life:

WOW! What an impact a few individuals can make when they take a stand together! The idea for the March for Life was conceived in October 1973, when 30 activists attended a meeting in Washington, D.C., to plan an event at the U.S. Capitol. The goal was to decry the Supreme Court's Roe v. Wade decision on Jan. 22, 1973, which legalized abortion.

Organizers came from several states, but an important contingent was from New York. Among those were Bill Devlin, Lew Gardner, the late Jack Short, and the late John Mawn. The first March was held three months later, on Jan. 22. About 20,000 people created a “circle of life” around the Capitol.

Forty years later, the tragic anniversary of Roe v. Wade was marked by a record breaking crowd of over 500,000 pro-lifers. In 2014, our numbers continue to grow as more and more individuals decide it is time to take a stand and let their voices be heard! **Please, join us in Washington D.C.** this January 22 for the 41st Annual March for Life. We promise you will be surrounded, uplifted and reinvigorated by the young, powerful vibe that insists lawmakers recognize that **EVERY life is sacred!** Buses leave from many Nassau/Suffolk towns.
