While NYS pro-lifers are licking their wounds after passage of the NYS assisted suicide legislation last year and the 2024 abortion on demand addition to the NYS Constitution, **the pro-suicide and pro-abortion side is forging ahead.**

Some pro-lifers here ask – what's left to lobby about? MEANWHILE, those who oppose right to life have, in this session, already sponsored pro-abortion bills in the NYS Senate & Assembly. At least 4 bills (related to abortion or in vitro fertilization) PASSED the Senate in JANUARY of this year.

YOUR VOICES ARE NEEDED!!

Like it or not, politics controls much of our lives, the lives of preborn children and the lives of those vulnerable to the tentacles of those who weigh human value by their 'wantedness' or 'quality of life' rather than their inherent value simply by being human.

Registration Required. Please register early.

Contact LICL **to reserve a seat** or for information:

You will be contacted to confirm your registration.

PLEASE DON'T SIT IT OUT

Too often the pro-life movement is out-messed and out-visited. Those of us who know that NYS's politics and legislation are an abomination concerning respect for all human life from fertilization/conception, need to speak up. Even if those who hear us don't listen, **it's our duty to communicate the truth and not sit back in hopelessness.**
